

**Service Guide
29 March –
24 October 2020**

SWISS Quality in capitals.

**Serving Washington DC
as of 29 March.**

Intro Editorial

Dear Customers,

The capitol of the United States, one of the world's most important political and tourist destinations, has delighted visitors for many years. It has also remained a major centre for international business, connecting global leaders from industries ranging from financial services and technology to manufacturing. With this in mind, Swiss WorldCargo is thrilled to begin operating a daily service to Washington D.C. during our Summer 2020 timetable.

With our non-stop flights between the two cities, we can now offer a new daily connection between Europe and the United States. This complements existing daily flights to Boston, New York, Newark, Miami, San Francisco and Los Angeles. In addition, our extensive trucking destination guarantees access to myriad cities in the North and South-eastern United States.

Following the delivery of our twelfth Boeing 777-300ER at the end of 2019, we will also increase our capacity on flights to and from Miami. By switching to a daily Boeing 777-300ER on this route, we will provide our customers with increased access to one of the largest cargo hubs in the South-eastern United States, alongside enhanced connection to the Caribbean and Latin America.

On the other side of the world, we have boosted our capacity to Tokyo and launched our new flights to Osaka. We now offer even more seamless connections between Switzerland and Japan, connecting the cultures and industries of both countries.

In the next year as in the past, our priority focus remains transporting care-intensive shipments for our customers throughout the world with the known Swiss reliability and quality. We believe we have the right solutions, network and people, in place to do so. Further increases in capacity will mean even more opportunities to connect our customers with opportunities and Swissness throughout the world.

We care for your cargo.

Ashwin Bhat
Head of Cargo
Swiss International Air Lines Ltd.

Intro Philosophy

A worldwide standard

SWISS has developed its entire product and service philosophy on the basis of universal Swiss values such as friendliness, punctuality, reliability, safety and security, innovation, tradition, efficiency and the keenest attention to detail. It has done so with the clear aim of being a leading European airline that is active all over the world and is "best in class" in all its business areas – not just for passengers, but for cargo, too.

Added value

Adding value is one of Swiss WorldCargo's paramount objectives. As an internationally-active provider of airfreight capacity, SWISS's cargo division creates genuine added value for its customers through its specialist expertise, its commitment to quality and its innovative skills.

Intro Philosophy

Airport-to-airport

Swiss WorldCargo focuses on globally marketing cargo capacity between two or more airports, and offers an airfreight network that stretches to more than 130 destinations in over 80 countries. Its network of air services is supplemented by daily truck connections between key business centres.

Flown as planned

With its guaranteed acceptance, transfer and delivery times and its carefully-selected ground handling partners, SWISS offers the firmest of commitments that all your consignments will be transported exactly as they are booked.

Seamless

Swiss WorldCargo does not market its own logistics concepts: it integrates its services seamlessly and precisely into its customers' supply systems and chains, to ensure that its total attention to safety and security extends to its customers' planning, too.

Supervised

Seamless integration is all very well; but it will only be half as effective unless it is combined with continuous monitoring and a swift and proactive response to any irregularities that occur. That's why Swiss WorldCargo provides its "Match" online consignment tracking system for its customers – to let them know in real time exactly where their shipment is currently located on the SWISS network.

Customer-centric

Swiss WorldCargo makes full use of its extensive experience and expertise to provide innovative concepts that are specifically tailored to its forward-looking customers and their particular airfreight needs. Thus, in addition to its SWISS X-Presso, SWISS X-Presso XL and SWISS X-Presso "One Hour Option" express services, Swiss WorldCargo offers further airfreight products that include SWISS Valuables, SWISS °Celsius Active, SWISS °Celsius Passive, SWISS °Celsius Passive Solutions, SWISS Argus, SWISS Mail and SWISS General Cargo.

Products & Services

SWISS X-Presso

For your time-critical supply chain

Express services generate significant supply chain value for worldwide businesses. In order to respond quickly to customer demand – for new products, spare parts, important documents, pharmaceuticals, etc. – it is essential to work with a reliable partner to acquire new or maintain existing business in an increasingly competitive global economy. In close cooperation with our customers we have developed the express product SWISS X-Presso. Therefore it perfectly meets your expectations and can be integrated into your time-critical supply chain.

Products & Services

SWISS X-Presso

Why SWISS X-Presso?

Our Product

- Extremely short acceptance, transfer and delivery times
- Short notice reservations right up to the final acceptance deadline
- Skilled personnel worldwide
- Guaranteed space confirmation shortly before departure global quality and handling standards
- No weight limitations (aircraft type restrictions apply)
- Globally consistent handling and quality standards
- An integrated online consignment tracking system

Our Hub

- Separate handling process in our rapid channel
- Fast transit times
- SWISS X-Presso (90 minutes) and SWISS X-Presso XL (120 minutes)
- Unbeatable 60 minutes tail-to-tail transit time with SWISS X-Presso XPT "One Hour Option"
- Limited exposure to outside conditions thanks to extremely short distances between aircraft positions and warehouse

Your Benefits

- Highly efficient transport and handling processes ensure that your cargo gets to its destination extremely fast and on time
- Dangerous goods accepted (local restrictions and IATA DG regulations apply)
- Seamless integration into your supply chain
- Global network of stations with high quality and handling standards

SWISS Valuables

For your highly secured supply chain

Valuable consignments nowadays consist of commodities far beyond gold, money and precious gems. In an age of ever-faster pace, there is a growing need to transport highly confidential documents, life-saving medicines, art works and valuable collections. The transportation of high-value cargo requires an understanding of the associated risks and the measures that can be taken to reduce those risks. That is why we offer a valuable product which goes far beyond IATA's security standards. When we transport valuable goods by air, we adopt and embody the traditional values and virtues of Switzerland such as discretion, reliability and technical expertise.

Why SWISS Valuables?

Our Product

- Storage in highly secured and constantly monitored facilities
- Tarmac escort to and from the aircraft
- Supervision of loading and unloading procedures by security agent
- Delivery at destination against signature of authorised consignee only
- Special valuables load devices such as containers with aluminum doors or hard plastic boxes
- All loading devices are secured with seals
- Skilled and specially trained personnel worldwide
- Preferred access to capacity combined with a high loading priority
- No weight limitations (aircraft type restrictions apply)
- Priority and dedicated acceptance, transfer and delivery
- Globally consistent handling and quality standards
- Integrated online consignment tracking system
- Possibility to make reservation via online eBooking

Products & Services

SWISS Valuables

Our Hub

- Separate and highly secured storage to reduce potential risks
- Delivery at aircraft side shortly before flight departure

Your Benefits

- Special storage in locked area with camera surveillance for ultimate security and monitoring of your cargo
- Transportation in special sealed valuables containers (aluminum doors) or hard plastic boxes to secure your cargo
- Highly secured transport and handling processes ensure that your cargo gets to its destination safely and on time
- Dangerous goods accepted (local restrictions and IATA DG regulations apply)
- Seamless integration in your secured supply chain
- Global audited network with high quality handling standards to meet your highest level of security requirements

Products & Services

SWISS °Celsius Active

For your temperature controlled supply chain

The market for pharmaceutical and healthcare products continues to grow and shows a sustainable and sound development. As speed to market is essential, the healthcare industry is increasingly relying on air cargo. The challenge for all the involved parties in the supply chain is to keep healthcare products within the required temperature range to ensure an uninterrupted cool chain and preserve the quality of the product.

Maintaining cool chain integrity is a core element in the transportation of temperature controlled pharmaceutical products. To maintain the product temperature along the supply chain, pharmaceutical and healthcare companies are choosing an 'active' temperature controlled container based on technologies like compressor cooling, electric heating or dry ice refrigeration.

Swiss WorldCargo's SWISS °Celsius Active is a custom-made, high-quality solution for your shipments that require seamless transportation in active temperature controlled containers.

Why SWISS °Celsius Active?

Our Product

- Transport in active temperature-controlled containers for consistency in temperature ranges from -20 °C to +20 °C
- Quality control via check sheet at the airport of departure, transfer and arrival
- A global network of selected audited stations
- Thermo truck network available
- Worldwide personnel trained in temperature controlled container handling
- Uniform handling standards worldwide
- Dangerous goods accepted (local restrictions and IATA DG regulations apply)
- Integrated online consignment tracking system

Products & Services

SWISS °Celsius Active

Our Hub

- Our hub is GDP-compliant (Swissmedic) and IATA CEIV pharma-certified
- Limited exposure to outside conditions thanks to extremely short distances between aircraft position and warehouse at our Zurich hub
- The Swiss WorldCargo's Hub Control Center ensures the smooth, reliable and flexible handling of shipments

Your Benefits

- Partnership with experienced suppliers of temperature-controlled containers: Envirotainer, CSafe and Dokasch
- We are a qualified Envirotainer Provider (QEP) on an expert level
- Standardized Operational Processes (SOPs) worldwide ensure proper handling in order to preserve the quality of the product transported
- Option for a custom-made operational procedure (COP)
- Swiss WorldCargo is a CEIV pharma-certified organization worldwide
- Pharma capability tool on swissworldcargo.com

Products & Services

SWISS °Celsius Passive

For your temperature sensitive supply chain

The market for pharmaceutical and healthcare products continues to grow and shows a sustainable and sound development. As speed to market is essential, the healthcare industry is increasingly relying on air cargo. The challenge for all the involved parties in the supply chain is to keep healthcare products within the required temperature range to ensure an uninterrupted cool chain and preserve the quality of the product.

Consequently, pharmaceutical and healthcare companies around the globe are investing more and more resources in sophisticated passive packaging solutions for their time and temperature sensitive shipments.

However, it is not all about packaging, these healthcare shipments rely on high quality standardised processes, speed and adequate storage, wherever possible, throughout the supply chain.

Why SWISS °Celsius Passive?

Our Product

- Choice between the four official IATA temperature ranges: controlled frozen (FRO -20 °C), controlled cool (COL +2 °C to +8 °C), controlled room temperature (CRT +15 °C to 25 °C) and controlled extended room temperature (ERT +2 °C to +25 °C) as well as ambient storage
- A global network of selected audited stations
- Thermo truck network available
- Skilled and trained personnel worldwide
- Uniform handling and quality standards worldwide
- Dangerous goods accepted (local restrictions and IATA DG regulations apply)
- Integrated online consignment tracking system
- Combinable with our fast SWISS X-Presso solution or our reliable SWISS General Cargo service

Products & Services

SWISS °Celsius Passive

Our Hub

- Our hub is GDP-compliant (Swissmedic) and IATA CEIV pharma-certified
- Limited exposure to outside conditions thanks to extremely short distances between aircraft position and warehouse at our hub Zurich
- Swiss WorldCargo's Hub Control Center ensures the smooth, reliable and flexible handling of shipments
- Four different controlled storage possibilities (FRO, COL, CRT and ERT) in addition to ambient storage

Your Benefits

- Standardized processes ensure that your cargo is stored as fast as possible in the temperature environment required
- Swiss WorldCargo is a CEIV pharma-certified organization worldwide
- The Pharma capability tool on swissworldcargo.com allows customers to preview each station for temperature controlled storage capabilities

SWISS °Celsius Passive Solutions

For your door-to-door temperature sensitive shipments

The market for pharmaceutical and healthcare products continues to grow and shows a sustainable and sound development. As speed to market is essential, the healthcare industry is increasingly relying on air cargo. The challenge for all the involved parties in the supply chain is to keep healthcare products within the required temperature range to ensure an uninterrupted cool chain and preserve the quality of the product.

At Swiss WorldCargo, we understand your business and we deliver Swiss premium quality. We are committed to the highest standards and with our new enhanced service offer, we will always have a solution for you. Because we care for your cargo.

That's why we offer a unique advanced passive high-performance solution that simplifies handling and door-to-door shipping. The containers are delivered fully preconditioned and ready to use by the shipper for one way rental shipments over four days on global lanes. This is our solution to ensure uninterrupted cool chain door-to-door delivery, even to destinations with limited 'to-door' facilities

Why SWISS °Celsius Passive Solutions?

Our Product

- SWISS °Celsius Passive Solutions containers are delivered quality-checked and preconditioned by va-Q-tec to the shipper's and forwarder's facility
- One-way rentals throughout the Swiss WorldCargo network
- Temperature ranges between -60 °C and +25 °C according to the customer's needs
- Extended product duration by storage in a temperature-controlled environment (CRT or COL)

Products & Services

SWISS °Celsius Passive Solutions

- Quality control via check sheet at the airport of departure, transfer and arrival
- A global network of selected audited stations
- Thermo truck network available
- Skilled and trained personnel worldwide
- Uniform handling and quality standards worldwide
- Dangerous goods accepted (local restrictions and IATA DG regulations apply)
- Integrated online consignment tracking system

Our Hub

- Our hub is GDP-compliant (Swissmedic) and IATA CEIV pharma-certified
- Limited exposure to outside conditions thanks to extremely short distances between aircraft position and warehouse at our Zurich hub
- Swiss WorldCargo's Hub Control Center ensures the smooth, reliable and flexible handling of shipments
- Three different controlled storage possibilities (COL, CRT) in addition to ambient storage

Your Benefits

- Partnership agreement with va-Q-tec
- Standardized processes ensure that your cargo is stored as fast as possible in the temperature environment required
- An uninterrupted cool chain is ensured door-to-door - even to destinations with limited 'to-door' facilities
- Swiss WorldCargo is a CEIV pharma-certified organization worldwide
- Pharma capability tool on swissworldcargo.com

SWISS Argus

For your protected supply chain

The hi-tech, the high-end fashion and other specialised industries manufacturing complex and delicate products require reliable and protected logistics chains. Careful handling, product integrity, theft prevention, discretion and confidentiality are key requirements when it comes to air freight solutions for these extremely vulnerable products.

With SWISS Argus we offer substantially high protection against.

Why SWISS Argus?

Our Product

- Special storage, surveillance and loading processes
- Security checks prior to departure and after landing
- Highly skilled and trained personnel worldwide
- Preferential capacity access
- No weight limitations (aircraft type restrictions apply)
- Globally consistent handling and quality standards
- Integrated online consignment tracking system

Products & Services

SWISS Argus

Our Hub

- Short distances via tunnel between warehouse and aircraft positions, in combination with all-in-one operational and warehouse handling
- Fast, high quality processes that limit exposures to outside conditions to a minimum
- Dedicated storage facilities

Your Benefits

- Increased theft protection through distinctive storage with special attendance and security checks prior to departure as well as after landing
- Secured transport and handling processes ensure that your cargo is well protected en route to destination

SWISS Mail

For your international mail exchange

The airmail parcel business is constantly increasing due to a phenomenal potential market volume and growth for national postal organisations. The worldwide major postal organisations are already prominently active in this high-potential business sector. They are busy ensuring greater vertical integration and control over their operation processes to secure a leading role in the global logistics arena and position themselves to offer integrated international Express Mail Services (EMS), Priority Mail (Airmail) or Non-Priority Mail (S.A.L.).

Airmail services have their own special needs – whether they are Express Mail Services (EMS), Priority Mail (Airmail) or Non-Priority Mail (S.A.L.) – exemplary efficiency is just as essential as absolute discretion, be it letters or parcels.

Products & Services

SWISS Mail

Why SWISS Mail?

Our Product

- Short acceptance, transit and delivery times
- Dedicated acceptance and handling processes
- Highly skilled and trained personnel worldwide
- Preferred capacity access for Express Mail Services (EMS) and Priority Mail (Airmail)
- Compliance with Universal Postal Union (UPU) standards
- Globally consistent handling and quality standards
- Status update by means of latest EDI messaging standards

Our Hub

- Short transit times of 120 to 180 minutes possible under agreement at Zurich and Geneva airports, enabling you to meet your delivery requirements
- Limited exposure to outside conditions thanks to extremely short distances between aircraft position and warehouse at our hub Zurich
- Dedicated mail facilities

Your Benefits

- Mail scanning worldwide for status update by means of latest EDI messaging standards
- Long-term customer agreements
- Dedicated mail capacity allotments

Overview other Services

Active Tracking Devices

The need for timely information and transparency is a key requirement in supply chain logistics, since any number of cargo irregularities can occur during transportation, despite careful planning.

That is why we allow the transportation of SWISS-approved active tracking devices (ATDs). Additionally, we provide a 24/7 dedicated intervention team able to react to any ATD deviation alarm worldwide based on your request. The use of any ATD listed below requires the customer to book their shipment with the SHC of EMD.

IATA regulations on lithium batteries are in effect.

ATD types approved by SWISS:

- 7PSolutions GD100/GL300/GL300W
- Hanhaa Parcelyve
- Berlinger SmartPoint
- Cartasense U-Sensor
- KN Blue Sensor
- Intelyt
- SenseAware 2000
- Sendum PT300D
- OnAsset Sentry500 Flightsafe and Sentinel
- Controlant CO 10.01 Real-Time Logger
- Emerson GO
- Roambee Bee
- Honeywell Gateway/Sensor Tags
- Hivetracker Combox
- Bosch TDL 140
- Kirsan Global Security A Type "Schenker Smartbox" Brieftrace
- Calamp SC1102 / SSC1004 *

* The following information "Not restricted. Alkaline IATA DGR special provision SP A123" must be written on AWB.

For an updated list of approved devices, please check our homepage
swissworldcargo.com

Products & Services

Overview other Services

Charter Solutions

What if your cargo needs are beyond the scope of scheduled air services because of the size or weight of your shipment, extraordinary dimensions or a routing that is not offered by scheduled passenger flights. A solution will be provided to you by Chapman Freeborn - our partner for charter solutions. Chapman Freeborn has the experience and know-how to provide you with whatever is needed to make each consignment a success.

The right aircraft for each task - all the way from a helicopter to an Antonov 225. Every shipment will be treated as its own separate project based on decades of airfreight experience and expertise. There are no off-the-peg products: Chapman Freeborn offers you the tailor-made solution that makes most business sense. A scheduled service will be used where needed and a charter is arranged on request. You will benefit from a solution with maximum flexibility and best profitability.

For further information, please contact your regional Swiss WorldCargo office or send an e-mail to products.services.support@swiss.com

Dangerous Goods

In air transportation, certain commodities such as flammable, corrosive, poisonous or radioactive substances have to follow strict rules and regulations. In the interest of safe flight operations, strict compliance with IATA regulations is mandatory.

Baggage shipped as Cargo

Do you have larger amounts of excess baggage? Send them with Swiss WorldCargo, the ideal solution for the transport of oversized and heavy baggage, bicycles, bulky goods, furniture etc. Please note the special acceptance deadlines.

Live Animals

We do allow cats and dogs to travel with their owners in the cabin on most of the SWISS operated flights if the weight including the soft-sided bag does not exceed 8 kilogrammes. Otherwise, they may be transported in the hold as checked baggage or cargo. This also applies to all other animal species. Please contact us for detailed information. Please consult the IATA LAR 2020 version for new regulations and embargoes on certain live animals, especially brachycephalic dog and cat breeds and the movement in the winter months of native tropical origin animal species.

Unit Load Devices (ULD)

Detailed information

Remark

All figures are interior dimensions. The actual maximum net weight of each container depends on the structural weight limitations of the respective loading position in the aircraft.

96 inch pallet

IATA code:	PMC
Loadable:	333 / 343 / 77W
Usable loading area:	304 x 230 cm / 120 x 91 in
Max. height:	160 cm / 63 in
Tare weight:	110 kg / 242 lbs
Max. gross weight:	5103 kg / 11250 lbs

88 inch pallet

IATA code:	PAJ
Loadable:	333 / 343 / 77W
Usable loading area:	304 x 210 cm / 120 x 83 in
Max. height:	160 cm / 63 in
Tare weight:	110 kg / 242 lbs
Max. gross weight:	4626 kg / 10198 lbs

Weights depend on the structural weight limitations of the different pallet/container positions in the aircraft.

Could be built higher, if route is truck operated only.

Unit Load Devices (ULD)

Detailed information

LD11 pallet

IATA code:	PLA / PLB
Loadable:	333 / 343 / 77W
Usable loading area:	304 x 139 cm / 120 x 55 in
Max. height:	160 cm / 63 in
Tare weight:	90-116 kg / 198-255 lbs
Max. gross weight:	3175 kg / 7000 lbs

60.4 inch pallet

IATA code:	PKC
Loadable:	319 / 320 / 321
Usable loading area:	145 x 143 cm / 57 x 56 in
Max. height:	114 cm / 45 in
Tare weight:	40 kg / 88 lbs
Max. gross weight:	1134 kg / 2500 lbs

Could be built higher, if route is truck operated only.

Unit Load Devices (ULD)

Insurance

General information

Remark

Swiss International Air Lines Ltd.'s door-to-door cargo insurance (summary – terms and conditions of the insurance are subject to change without prior notice).

Introduction

We do of course our outmost to deliver your shipment safely and in time to its destination. In spite of the best care given, goods may get stolen, lost or damaged in transit, we therefore recommend you to insure your cargo against such risks. For this purpose, SWISS holds an open cover with Delvag Luftfahrtversicherungs-AG, Von-Gablenz-Str. 2-6, 50674 Cologne, Germany.

Insurable value

The insurable value corresponds to the value of the goods at the place and time of commencement of the insured voyage, plus freight, insurance and other charges incurred up to the place of destination. In respect of trade goods, the value thus determined may be increased by the buyer's expected profit not exceeding 10% unless otherwise agreed. If there are no trade goods involved, the material cost, together with freight and the insurance premium, may be insured. Customs and excise duty may also be insured by special agreement.

Maximum sum insured

The maximum sum that can be insured for any one consignment is CHF 1 000 000 or the equivalent in foreign currency. For watches, jewellery, genuine pearls (including culture pearls), precious stones and other jewels as well as mobile phones different conditions apply, which can be requested at: cargo.claims@swiss.com or aircargo@delvag.de. The maximum sum insured may be increased by special agreement prior to the commencement of the risk.

To arrange insurance in excess of the above maxima, contact Swiss World-Cargo, Claims Management, P.O. Box ZRHLX/CSS, CH-8058 Zurich Airport, cargo.claims@swiss.com or aircargo@delvag.de. Allow time to consult the insurers/re-insurers of at least 3 working days.

Insurance

Goods of all kinds

Insurance cover goods of all kinds

Air cargo shipments of any kind may be insured on a worldwide basis via the SWISS Air Waybill within the terms and conditions of the open policy concluded between SWISS and Delvag. For species (valuable goods) as per insurer's definition see "Insurance cover species (valuables)" below.

Scope of insurance

The insurance is against all risks of damage or loss as per the special conditions of the open cover for goods.

Watches, jewellery, genuine pearls (including culture pearls), precious stones and other jewels: during the time the goods are in the custody of the assured, consignor or consignee, except in those cases where they are acting in the capacity of a carrier, the insurer is liable for loss only if it is the direct consequence of one of the following events:

violence threatened or used against the person charged with effecting the carriage or inability of those persons to offer resistance as a result of accident or death, specified accident in accordance with the general conditions.

During intermediate stops: burglary occurring in locked rooms of massive buildings.

Livestock, perishable goods (plants, fruits, flowers, blood plasma, vaccines, meat, pharmaceutical, chemical, etc.), removal goods and vehicles have a special cover, please inquire with Swiss WorldCargo, Claims Management, P.O. Box ZRHLX/CSS, CH-8058 Zurich Airport, cargo.claims@swiss.com or claims@delvag.de.

Unless otherwise agreed, war, strike, disturbances and terrorism risks are not included.

Duration of insurance

The insurance is operative from warehouse to warehouse. It begins when the goods are delivered to the transporters (forwarding agents, post office, railway, airline) or their agents and sub-carriers, and terminates on delivery to the consignee named in the air waybill or insurance certificate, or to the final consignee designated by same.

For shipments of goods, collection from or delivery to the airports is covered, even when undertaken by the consignee or consignor.

Notwithstanding anything to the contrary contained elsewhere in the summary mobile phones are only covered from airport to airport by air.

Insurance

Goods of all kinds

Note:

Transport to the airport of departure is only insured on condition that a specific request to this effect is made to LX or an IATA agent before commencement of the risk (i.e. on advice of shipment).

Delays in the execution of the insured voyages is limited to 60 days any one delay.

Security measures (surface)

For goods with high values (watches, jewellery, precious stones, etc.) adequate security measures must be provided for transportation from shipper's domicile to the airport of departure and from the airport of destination to the consignee's domicile.

Forwarding instruction (air)

Each consignment by aircraft with a value of CHF 10 000.– or higher each kilogramme gross has to be forwarded as "Valuable Cargo".

Watches, jewellery, genuine pearls (including culture pearls), precious stones and other jewels: each package by aircraft with a value of CHF 25 000.– or higher has to be forwarded as "Valuable Cargo".

Mobile phones: each consignment by aircraft has to be sent as SWISS Argus. If SWISS Argus is not available for a certain destination the consignment has to be forwarded as "Valuable Cargo". Forwarding as "Valuable Cargo" has also to be complied with if the value per each package by aircraft is in excess of CHF 25 000.– or if the value of the consignment by aircraft is in excess of CHF 200 000.–.

Insurance premium

The premium is calculated on the basis of the insurance value. The minimum per insured consignment is CHF 20.– or the equivalent in other currencies.

Insurance Species (SWISS Valuables)

Insurance cover species (SWISS Valuables)

Valuable cargo means a consignment which contains more of the following articles:

1. Any article having a declared value for carriage of USD 1'000.00 (or its equivalent) or more, per gross kilogram.
2. Gold bullion (including refined and unrefined gold in ingot form), dore bullion, gold specie, B. Gold only in the form of grain, sheet, foil, powder, sponge, wire, rod, tube, circles , mouldings and castings, A. Platinum, platinum metals (palladium, iridium, ruthenium, osmium and rhodium), Platinum alloys in the form of grain, sponge, bar, ingot, sheet, rod, wire, gauze, tube and strip, provided that those radioactive isotopes of the above metals and alloys are dangerous goods.
3. Legal bank notes, traveller's cheque, securities, shares and share coupons, postage stamps and revenue stamps (excluding mint), ready for use bank cards and/or credit cards.
4. A. Diamonds (including diamonds for industrial use), rubies, emeralds, sapphires, opals and real pearls (including cultured pearls), I B. Jewelry consisting of any of the articles under A. above.
5. Jewelry and watches made of platinum and/or gold and/or silver, and
6. Articles made of platinum and/or gold, other than platinum and/or gold plated.

Insurance Species (SWISS Valuables)

Scope of insurance

The insurance covers loss or damage as per the special conditions of the open cover for species. In the case of accompanied consignments, theft and loss are only insured if violence is threatened or used or if no resistance can be offered as a result of death or injury of the person charged with effecting the carriage.

Unless otherwise agreed, war, strike, disturbances and terrorism risks are not included.

Duration of insurance

The insurance is operative from warehouse to warehouse, it attaches as soon as the species/valuables are removed from their present place for immediate transportation and terminates as soon as they are delivered to the place specified by the consignee.

For shipment of species, collection from or delivery to the airports is covered, even when undertaken by the consignee or consignor.

Note:

Transport to the airport of departure is only insured on condition that a specific request to this effect is made to LX or an IATA air cargo agent before commencement of the risk (i.e. on advice of shipment).

Storage during transit is covered up to 60 days any one storage.

Security measures (land)

For species adequate security measures for overland transports will be required (security vans and/or armored cars) under consideration of the insured value of the species. Please inquire with Swiss WorldCargo, Claims Management, P.O. Box ZRHLX/CSS, CH-8058 Zurich Airport.

Forwarding instruction (air)

Species have to be forwarded as "valuable cargo". They must be expressly indicated as "VAL" in the AWB and SWISS Worx and must be handled according to current CHM instructions.

Insurance Species (SWISS Valuables)

Insurance premium

The premium is calculated on the basis of the insurance value. The minimum per insured consignment is CHF 20.– or the equivalent in other currencies.

Insurance

Exclusions and claims

General exclusions (extract of the conditions)

The consequences of confiscation, seizure or detention by a government, authority or power, delay howsoever caused, in transit or delivery, wilful misconduct of the assured, infringement of import, export or transit regulations, infringement of carrier's regulations, false declaration.

Insurance

Exclusions and claims

Also excluded is damage attributable to: humidity of the air, influence of temperature unless specially agreed prior to the commencement of the risk, the nature of the goods such as self-deterioration, heating, spontaneous combustion, shrinkage, wastage, vermin originating in the goods insured, unsuitable condition of the goods for the insured voyage, inadequate packing, normal wear and tear, damage caused by nuclear energy, indirect losses of all kinds such as loss of interest, difference of exchange, loss of market, consequential loss. The insurer is released from all liability if his regulations concerning dispatch and limits are not adhered to or if with the insured's knowledge the agreed safety measures are not adhered to, the journey or the means of conveyance do not correspond to the agreement, the species are carried by inappropriate vehicles or routes are used which are unsuitable. Unless otherwise agreed prior to the commencement of the risk the insurer is not liable for political or social risks such as war, warlike occurrences, strike, lockout and disturbances of whatever kind, violent or malicious acts. The risk of terrorism for all transport related delays/storages exceeding 60 days. For permanent storage the risk of terrorism is generally excluded.

What to do in case of loss or damage

The assured must notify the insurer without any delay of any loss or damage which comes to his knowledge.

Furthermore, in the event of loss or damage it is the duty of the assured to take forthwith all measures for the preservation and salvage of the goods and for minimising the loss or damage.

The insurer also may take such measures. In the event of non-compliance with these obligations, the indemnification can be reduced commensurate with the assured's degree of fault.

All rights of recovery against third parties who may be held responsible for the loss or damage shall be preserved. In particular, the following steps are to be taken:

- a. Outward apparent loss or damage must be notified to the carrier in writing before delivery of the goods is taken.
 - b. Whenever loss or damage is presumed, valid reserves must be lodged within the period prescribed by law or by contract.
 - c. The carrier must be summoned to a joint survey of the loss or damage.
- The assured is responsible for all acts or omissions which prejudice the right of recovery.

Insurance

Exclusions and claims

Claim regulations

To justify his title to claim for loss or damage, the claimant must provide the insurer with such original documents as are available, i.e.:

- Air waybill
- Commercial invoice, packing list (inventory indicating values, if no commercial shipment involved)
- Survey report by the carrier
- Copy of the notification of reserves to the carrier
- And, if available:
 - Insurance certificate
 - Survey report by the claim agent

Claim documents shall be sent by the claim-receiving LX representation to Swiss WorldCargo, Claims Management, P.O. Box ZRHLX/CSS, CH-8058 Zurich Airport, for processing with the insurers.

Separate legal indication

The insurance is based on the following conditions:
Institute Cargo Clauses

This policy shall be governed by the German law and the German courts shall have sole jurisdiction in any dispute arising hereunder. In case one provision contradicts such applicable law, only this provision shall be deemed void, all other provisions remain in force as agreed.

Transport to the airport of departure is only insured on condition that a specific request to this effect is made to SWISS or an IATA Cargo Agent before commencement of the risk (i.e. on advice of shipment)

Place of jurisdiction is Cologne (Germany). All rights against the insurer are forfeited unless suit is brought within two years of the event giving rise to the claim.

Further information

Further information is available from your nearest representation of Swiss WorldCargo or from the Head Office of Swiss WorldCargo in Zurich – Swiss WorldCargo, Claims Management, P.O. Box ZRHLX/CSS, CH-8058 Zurich Airport, cargo.claims@swiss.com
