SWISS Valuables

For your highly secured supply chain

We as Swiss WorldCargo care for your valuables. Valuable consignments nowadays consist of various commodities – not just gold, money and precious gems. Especially in our modern, fast-paced times, there is a growing need to transport highly confidential documents, life-saving medicines, art works and valuable collections. This is why we offer a valuables solution which goes far beyond IATA's security standards. Our product includes in-depth expertise and an understanding of risks, along with the measures that need to be taken to reduce those risks. And in our transportation, we embody the traditional values and virtues of Switzerland such as discretion, reliability and technical expertise, to ensure the safe and timely arrival of your shipment.

Your Benefits

- Special storage in locked areas with camera surveillance for ultimate security and monitoring of your cargo
- Transportation in special sealed valuables containers to secure your cargo
- Highly secured transport and handling processes ensure that your cargo gets to its destination safely and on time
- Dangerous goods accepted (local restrictions and IATA DG regulations apply)
- Seamless integration into your secured supply chain
