SWISS °Celsius Active

For your temperature-controlled supply chain

The cold chain is not just a buzzword: it's an essential part of the supply chain capabilities of logistics providers worldwide. At Swiss WorldCargo, we pride ourselves on having the right tools for your cold-chain and temperature-sensitive handling needs, including our SWISS °Celsius Active product, which is designed for those particular shipments that require their temperature to be maintained and actively controlled throughout the entire transportation of your sensitive goods.

Whether it's pharma products or any other temperature-sensitive goods, we guarantee that SWISS °Celsius Active is the right product for your temperature-controlled supply chain.

Your Benefits
